## ABOUT US?

We are a company born as an alternative for the metal-mechanical and construction sector, with national coverage dedicated to the manufacture of construction equipment, assembly parts and metal-mechanical services for the industry in general, supported by trained personnel, cutting-edge technology. and adequate and safe facilities, always seeking efficient use of the company's resources and profitability to provide greater well-being to partners and collaborators.

## RAILINGS AND HANDRAILS

We design, manufacture and install metal railings adapted to the needs of our clients, complying with paint schemes that provide greater peace of mind and durability.

Our railings and handrails are 100% safe since we comply with the NSR-10 standard

## ADVANTAGES

Stainless steel railings or handrails are durable and strong enough to withstand weather changes and adverse atmospheric conditions.

Easy to maintain and clean. Simply wipe with a cloth or brush to remove dirt generated by dust and dirt.

They provide great versatility and aesthetics

## STAINLESS STEEL RAILINGS AND HANDRAILS

Railings and handrails in quality 304 Stainless Steel, satin finish for stairs, passageways and balconies.

## ALUMINUM RAILINGS

We manufacture aluminum railings where the client can choose different shapes and dimensions based on their requirements.

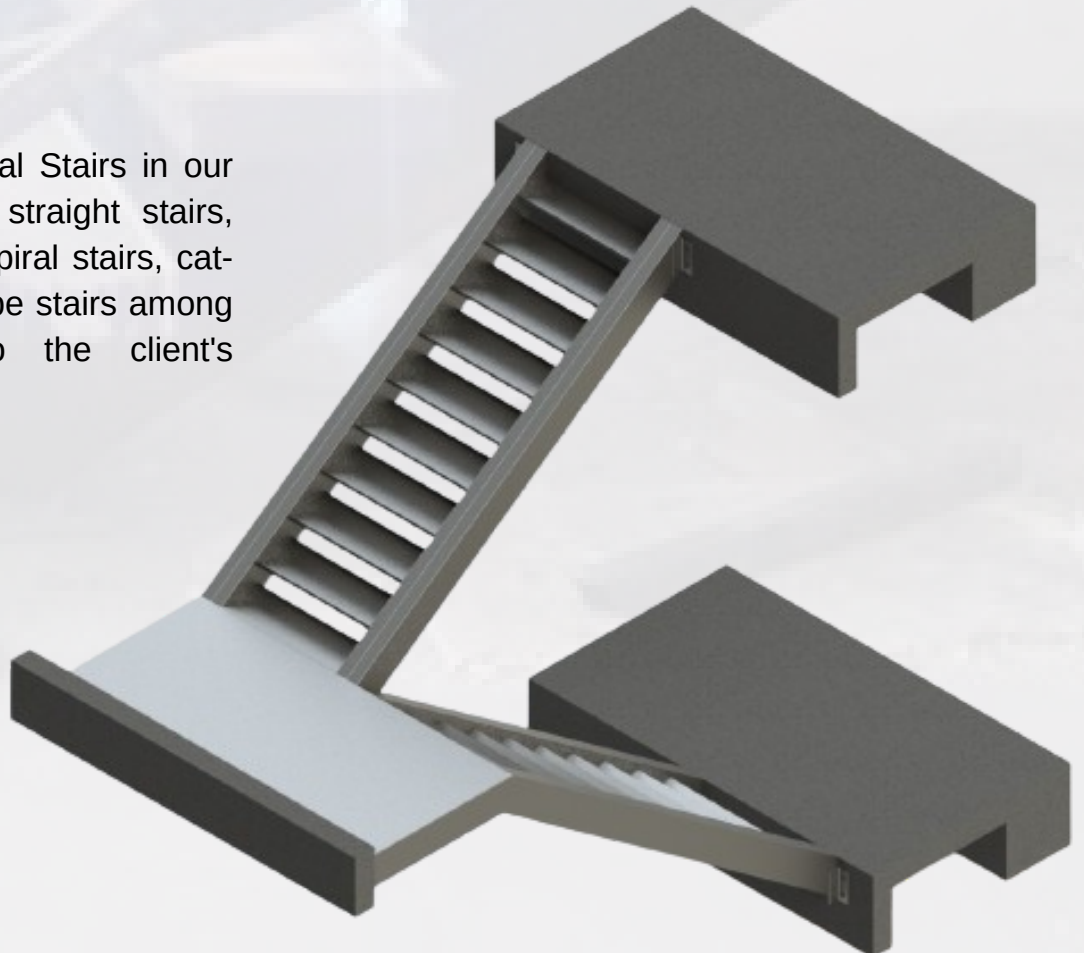

The color of the aluminum railings is optional and can be selected from silver, champagne, bronze, matte black and others based on your preferences.

## METAL STAIRS

The proposals for Metal Stairs in our company range from straight stairs, curved stairs, helical spiral stairs, cat-type stairs, airplane-type stairs among others, according to the client's requirements.

We have experienced personnel for the installation of doors and gates.

## DOORS AND GATES

We design, manufacture and install metal doors, including shutter-type doors, fire doors, folding doors, roll-up doors, among others.

Our line also handles metal gates of all types.

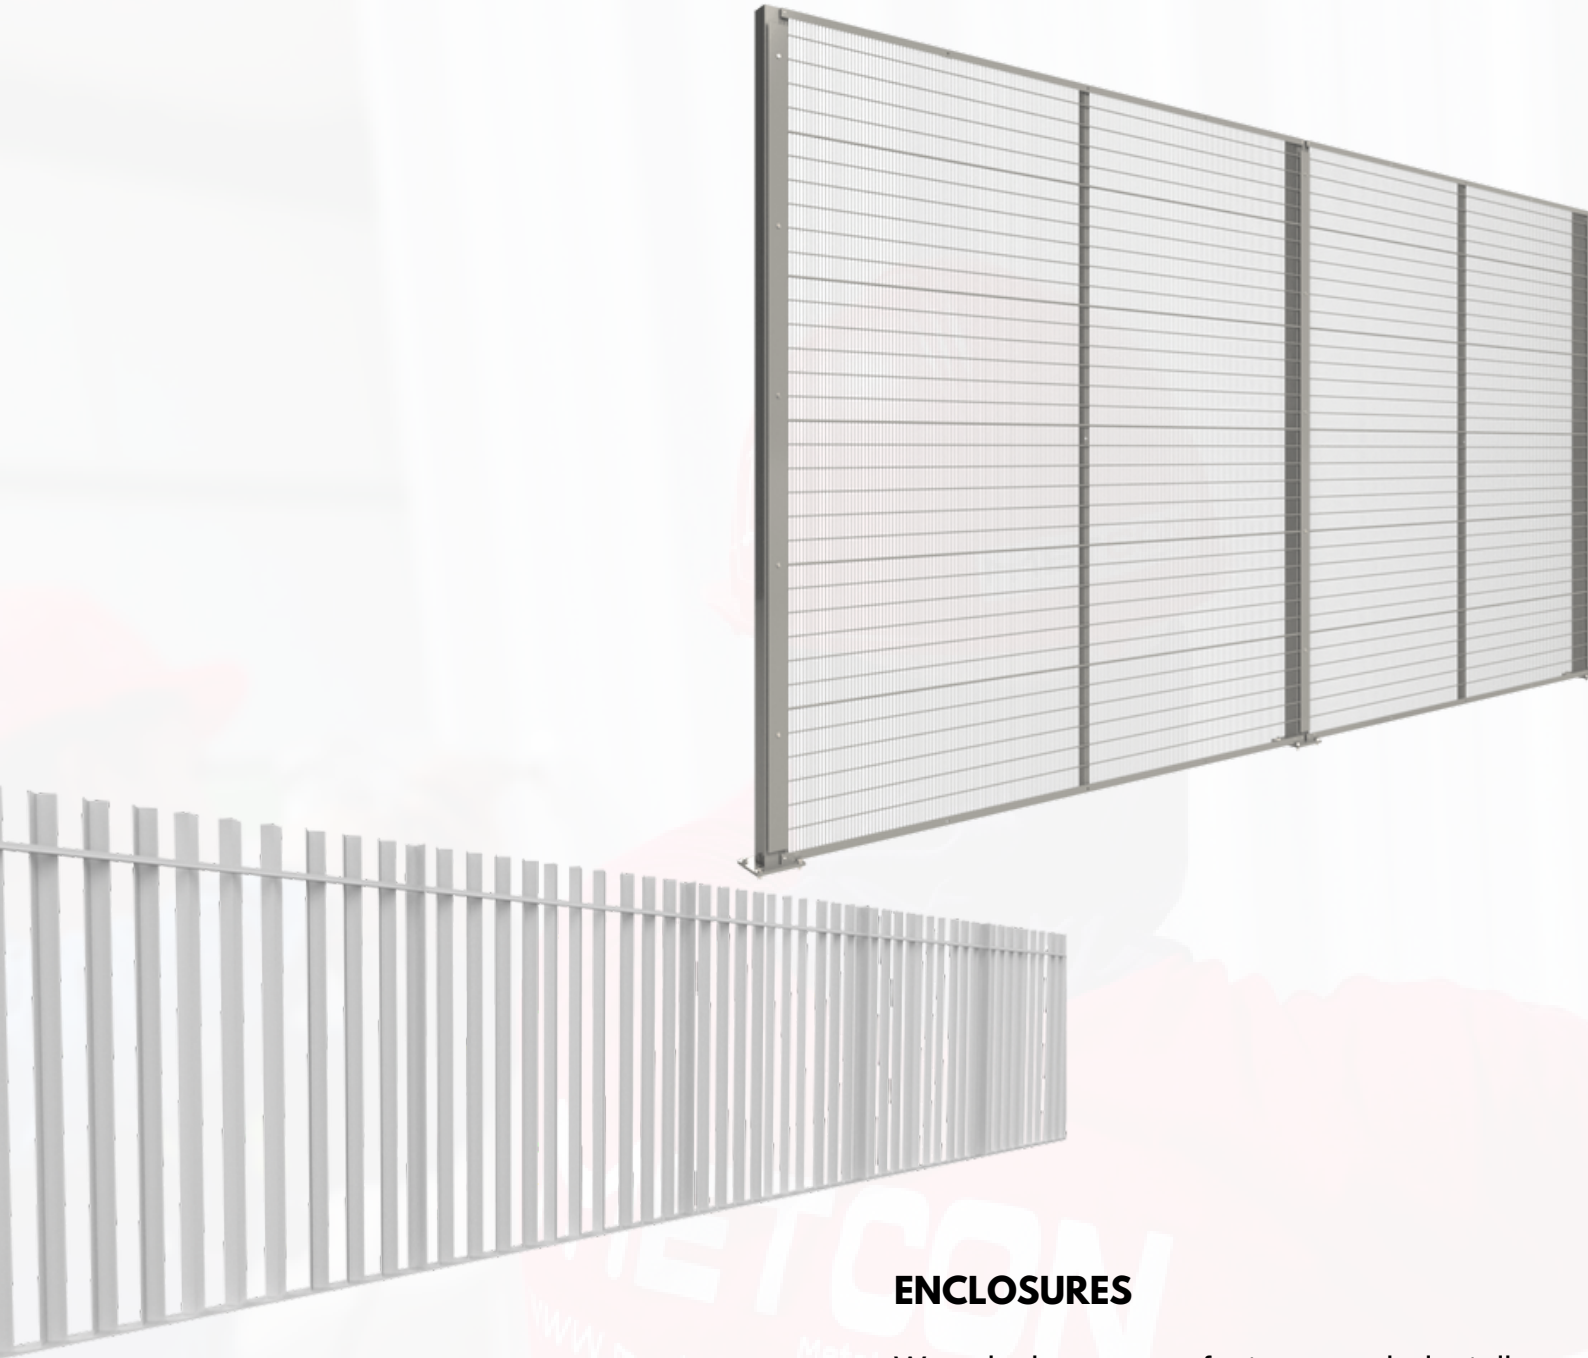

## COVERS AND PERGOLAS

We design and manufacture highly resistant and durable pergolas that provide high acoustic absorption, thermal insulation and light reflectance, ideal for your industrial, commercial and residential projects according to your needs.

- UPVC thermoacoustic covers
- Metal thermoacoustic covers
- Polycarbonate covers
